## HVACR Training Videos, E-Books, and Audios for HVAC Technicians by Jim Johnson

Jim Johnson, founder of Technical Training Associates in 1985 and well known author, designs the highest quality training curriculum and materials for HVAC technicians. These videos, e-books and other materials are presented as though you're sitting in a workshop and learning what you need to know, not only from a theory perspective when necessary, but also from a nuts and bolts hands on point-of-view. Jim uses real test equipment, real components, real operating equipment, and real field-related information on what you're supposed to find if a component or system is okay, so you'll know when it's not okay. DVD videos range in price from \$75 to just \$25. And all E-Books are just \$20. Increase you and your staff's skills with these affordable, high quality training materials. Do as so many major corporations, high schools, trade schools and colleges have done for 23 years, learn from Jim Johnson. Order at [www.elitesoft.com](http://www.elitesoft.com)

### Titles in DVD Library Package

Electrical Fundamentals for HVAC/R Technicians	\$75
Refrigeration Fundamentals For HVACR Technicians	\$75
Uncomplicating The Heat Pump: Electrical Systems Troubleshooting	\$75
Uncomplicating The Heat Pump: Refrigeration & Air Flow Systems	\$75
Using Schematics to Troubleshoot HVAC/R Electrical Circuits Part 1	\$55
HVAC Electrical Troubleshooting: Deciding Where To Begin	\$45
HVAC Electrical Troubleshooting: Component Testing	\$45
Comfort Cooling Refrigeration System Troubleshooting	\$25
Semi-Hermetic Compressors: Testing, Servicing and Isolating	\$25
Understanding Control Transformers	\$25
Understanding Compressor Motor Windings	\$25
Understanding Fan Relays and Multiple Speed Motors	\$25
Understanding Potential Relays and Start Capacitors	\$25
Understanding TXV Refrigeration Systems: Superheat and Subcooling	\$25
HVACR Category Flat Rate Price Guide	\$35

**DVD Library Package** (you save \$60) Includes all of the above videos \$595

### Additional Video Titles

Preparing For The EPA Refrigerant Recovery Exam	\$35
Evaluating Refrigeration Systems: Troubleshooting & Identifying Problems	\$35
Soldering & Brazing Refrigeration System Tubing	\$25
Proper Use of Test Instruments and Service Equipment Using Analog and Digital Meters	\$35
Troubleshooting and Servicing Electric Furnaces	\$75

### E-Books

20 HVACR Troubleshooting Problems: Volume 1	\$20
Servicing Commercial Refrigeration Equipment - Part 1	\$20
Refrigeration Fundamentals For HVACR Technicians	\$20
PEAK Performance For The Technical Professional	\$20
Service Management Excellence	\$20

### Audio Presentations

Peak Performance For The Technical Professional	\$35
